Perfectly Organised Parties

Perfectly Organised Parties was started in order to provide clients with intimate, specialist and affordable event planning services.

At POP we do not charge mark-up fees or unnecessary service charges, as clients simply pay a pre-agreed one off management fee for which all elements of their event will be perfectly planned. We will manage every element of your event from venue sourcing and event concept design, staffing, equipment hire, catering, entertainment, on the night event execution and everything in between! So please do contact us for further information and a non committal conversation. [Donna@perfectlyorganisedparties.com](mailto:Donna@perfectlyorganisedparties.com).
